

RENAULT

CAPTUR

LIVE THE LIFE YOU WANT TO LIVE

DRIVE THE CHANGE

RENAULT CAPTUR START AN ADVENTURE

Borne of the concept car of the same name, Renault Captur stands for an innovative way of thinking about cars.

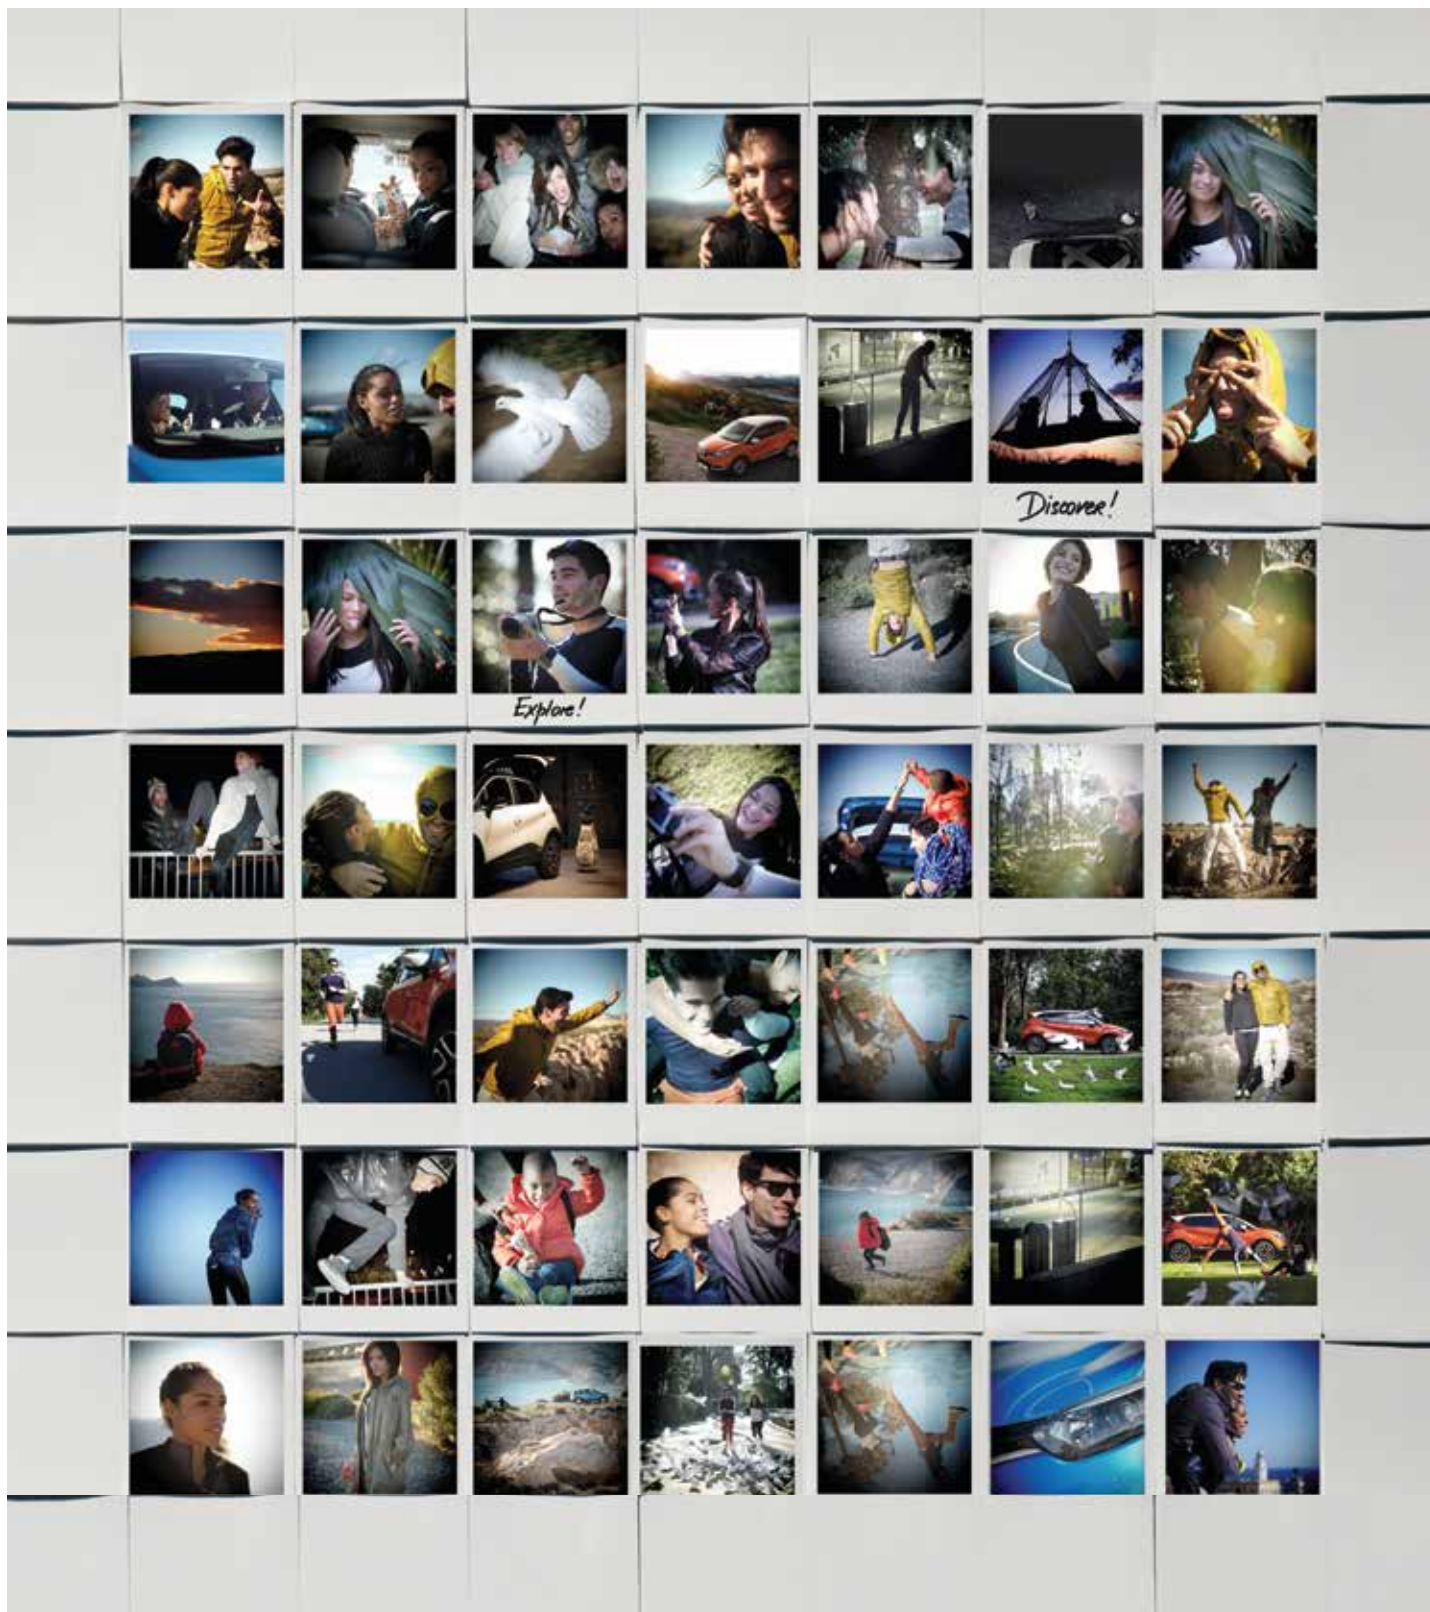

We have developed a compact crossover which combines the best of three worlds. The expressive styling and driving position of an SUV, the cabin space and modular interior of an MPV and the driving pleasure of a hatchback.

Renault Captur will encourage new adventures and new discoveries leaving behind the urban jungle in order to experience love, family, sport and passion.

Its design expresses itself through smooth, fluid and balanced lines, it is beautifully useful, practical, smart and clever. Renault Captur plays on its originality with its two tone colour scheme and extensive personalisation options, allowing everyone to make it their very own.

Renault Captur, a new crossover from Renault, for every life you lead.

LAURENS VAN DEN ACKER, DIRECTOR OF INDUSTRIAL DESIGN AT RENAULT

STYLISH AND A LOT MORE BESIDES. RENAULT'S FIRST URBAN CROSSOVER, THE RENAULT CAPTUR IS AGILE, DYNAMIC AND ELEGANT, BOTH INSIDE AND OUT. DRAWING ON RENAULT'S EXPERTISE, IT EXPLORES NEW TERRITORY IN TERMS OF DESIGN, COMFORT, EQUIPMENT AND TECHNOLOGY.

- Choice of 17" coloured 'Explore' alloy wheels
- Choice of coloured Exterior Gloss Packs (side sill protectors, boot lid, fog light and front grille surrounds)
- Contrasting roof and door mirror colour
- Door mirrors - electrically adjustable and folding, heated
- Extra tinted rear windows and tailgate

THE FULLY-EQUIPPED

URBAN EXPLORER

THE BETTER EQUIPPED YOU ARE, THE BETTER YOU CAN EXPLORE - WHATEVER THE TERRAIN. THE RENAULT CAPTUR HAS EVERYTHING TO HELP YOU ON YOUR EXPEDITIONS: THE RENAULT R-LINK 100% TOUCH SCREEN INTERNET-CONNECTED MULTIMEDIA TABLET, FRUGAL ENGINES, HILL START ASSIST, SEATS WITH REMOVABLE COVERS, AND A HANDS-FREE CARD FOR ADDED PEACE OF MIND... START AN ADVENTURE.

1.

2.

3.

4.

5-6-7.

1. Renault MediaNav. The intuitive, easy to use 7" touch screen multimedia system brings you Nav 'n' Go integrated satellite navigation, Bluetooth® technology, music via audio streaming, USB and jack sockets. **2. Hands-free keycard.** To unlock, start and remotely lock the car without even touching the key. Just make sure it's in your pocket or bag! **3. Parking distance control.** Four rear parking sensors. With reversing camera depending on version. The camera displays the image on the navigation system screen alongside guidance aids. **4. Customisable seats with removable covers.** The brand-new seat design enhances the passenger compartment's modern look. The upholstery unzips and is machine-washable. Choose from four different patterns (depending on the model) and change your interior trim whenever you like! The backs of the front seats can be wiped down with a sponge. **5. Renault R-Link.** Internet connected multimedia tablet with 7" touch screen and voice recognition to control the essential functions (TomTom® Navigation, multimedia system, hands-free calls, vehicle and online applications) intuitively and in complete safety, without taking your eyes off the road. **6. ECO Mode function.** The eco² driving programme gives advice tailored to your specific needs, making it easy to reduce your daily fuel consumption. **7. Climate control.** With combined pollen and active carbon filter and toxicity sensor. The filters reduce fine particulate matter and pollutants (exhaust gases, odours). If a high pollution level is detected, the system automatically closes the ventilation system.

THERE'S SO MUCH

TO DISCOVER

ADVENTURES YOU'LL REMEMBER FOREVER. THE PRACTICAL RENAULT CAPTUR HAS SET ITS SIGHTS ON EXPLORERS OF BOTH COUNTRY LANES AND CITY STREETS, PROVIDING THEM WITH STORAGE WORTHY OF A MUCH LARGER CAR. IDEAS, OBJECTS, LITTLE TREASURES - YOU'LL NEVER HAVE TO LEAVE ANYTHING BEHIND.

Net pockets behind each front seat can be used to store newspapers, maps, notebooks or guidebooks (depending on the version). There is also a closed compartment on top of the dashboard and a removable central storage area that can be accessed from both the front and rear seats.

The shell-shaped seats with wrap-around cushions will support you on all of your adventures. Their customisable, removable and washable covers give you complete freedom and flexibility...

Meanwhile, the boot* has a multi-position, removable and reversible floor, with a rubber surface that can be wiped down with a sponge. When raised to sill level, the floor hides your valuables and items you don't want on show, in its lowered position, it gives a practical boost to your loading space.

* From 377 litres to 455 litres when the bench seat is in forward position, with the shelf removed.

INNER

SPACE

WE GO FURTHER WHEN WE'RE COMFORTABLE. FURTHER IN EXPLORING. FURTHER IN ENJOYING THE PLEASURE OF TRAVELLING.

To ensure even greater comfort for adults and children alike, there is ample interior space. The 60:40 split folding rear bench has 3 seats, converts into a flat floor and slides on rails, allowing the Renault Captur's volume to be adjusted and its passenger compartment arranged to suit your needs.

PURE

ENERGY

PLEASANT AND RELIABLE, STURDY AND FRUGAL, THE RENAULT ENERGY PETROL AND DIESEL ENGINES DO NOT FORGET THE QUALITIES THEY OWE TO FORMULA ONE: TECHNOLOGY, FUEL ECONOMY, FLEXIBILITY AND ENDURANCE. THE RENAULT CAPTUR'S POSITION AT THE TOP OF ITS CATEGORY IN TERMS OF QUALITY/PERFORMANCE RATIO IS NO ACCIDENT.

1 STOP & START

Automatically turns off the engine when the Renault Captur is stopped and in neutral, cutting down on emissions, fuel consumption and noise. Restarts instantly, smoothly and without vibrations. (Available on all manual engines)

2 EDC AUTOMATIC GEAR BOX

For more comfort and pleasure, the EDC 6 speed dual-clutch automatic gearbox is offered with the TCe 120 engines and, in the second half of the year, with the dCi 90. Upshifting is fast and smooth, with no jerking or loss in acceleration. Fuel consumption is comparable to that of a manual gearbox.

3 ENERGY SMART MANAGEMENT (ESM)

By recovering kinetic energy when braking and decelerating, ESM optimises the consumption of electrical energy and helps recharge the battery.

4 ACTIVE AIR SHUTTERS

Automatically adjust the flow of air through the radiator to the engine's cooling requirements, improving the vehicle's aerodynamics and fuel consumption.

5 ECO MODE

To reduce fuel consumption even further, the driver can select ECO Mode, which modifies the vehicle's acceleration, torque / power management and heating / air-conditioning.

THE GUIDE TO

ECO-DRIVING

"IT IS POSSIBLE TO BE DYNAMIC YET CONSCIENTIOUS, SPORTY YET RELAXED, ACTIVE YET LEVEL-HEADED. YOU CAN BE BOTH A RACING DRIVER AND AN ECO DRIVER". THIS IS WHAT THE RENAULT CAPTUR HAS TAKEN INTO ACCOUNT. BUT WHAT IS ECO-DRIVING? PATRICK VINCENT, DRIVING ECO² PROJECT MANAGER AT RENAULT'S PLANNING AND ENVIRONMENT DIVISION, EXPLAINS.

Driving habits are changing – that is a fact. Encouraged by the media, manufacturers and authorities, the concept of eco-driving is gaining ground every day. More relaxed, cleaner driving, lower fuel consumption and less vehicle wear: the arguments in favour of eco-driving are plentiful. And the results speak for themselves: Eco-driving produces average fuel savings of 5 to 10%! With eco driving, fuel consumption and CO₂ emissions can be cut by 25% (depending on the driving conditions and driving style of motorist).

Eco-driving comes as second nature to the Renault Captur. Its innovative technology gives each driver even greater control over fuel consumption and CO₂ emissions. Various assistance tools on the instrument panel make things easier; an indicator shows the best moment to change gear, whilst another assesses your driving style (green, yellow, orange). By activating ECO Mode, you can benefit from engine settings optimised for more restrained, economical driving. Eco-driving: yet another discovery...

OUR ABSOLUTE PRIORITY:

YOUR SAFETY

RENAULT'S VISION IS TO PROVIDE ITS CUSTOMERS AND THEIR LOVED ONES WITH THE MOST ADVANCED AND EFFICIENT SAFETY TECHNOLOGY AS STANDARD. NEW RENAULT CAPTUR COMES WITH SAFETY AS STANDARD GIVING YOU COMPLETE PEACE OF MIND.

ANTICIPATE

Anticipating risks and keeping the driver in control in all circumstances

Renault Captur is designed to empower and inform the driver in real time. The technologies such as ABS have been developed by Renault to provide you with a safer driving experience.

PREVENT

Advanced technologies that change everything

Renault has developed driving aid systems such as Electronic Stability Control, standard on every Renault Captur that ensure unfailing responsiveness and help to overcome road traffic hazards and driver error.

PROTECT

Everyone on board and other road users

Thanks to its accident cause intelligence and innovative technology, Renault offers one of the safest product line-ups on the market. Our priority: ensuring your safety, saving lives.

SAFE AND SECURE

Actions for the safety of all

**DECADE OF ACTION FOR
ROAD SAFETY 2011-2020
SUPPORTED BY RENAULT**

Renault places people at the heart of its business and is involved in many social initiatives relating to road risk prevention and raising awareness in schools and universities and other international organisations. The company is also committed to improving the effectiveness of emergency services when dealing with accidents

RENAULT SAFETY AT A GLANCE

- More than 600 company employees who are solely responsible for vehicle safety.
- 100 million Euros are invested every year in safety research and development.
- We conduct 400 real crash tests and 4,000 numerical simulations each year.

1. Protection. Reinforced structure, high-efficiency front airbags, head / chest side airbags, pressure sensor to detect impact, seat belts with pretensioners and force limiters (front seats), anti-whiplash headrests, force limiter function (rear side seats), anti-submarining front seats (Fix4sure). Three ISOFIX 3-point seat attachments (front + rear side seats). **2. Hill Start Assist.** When starting the vehicle on a hill, the brake pressure is automatically maintained for two seconds, giving the driver time to manoeuvre. **3. Parking distance control.** To facilitate parking manoeuvres, the parking distance control system alerts you to any obstacles behind the car with a series of increasingly rapid beeps. The system can be equipped with a reversing camera that sends the image to the navigation system screen and displays guidance aids. **4. Cornering function in headlights.** When taking corners, the fog light on the side nearest the bend lights up automatically to give you a wider field of vision.

RENAULT CAPTUR

ACCESSORY PACKS

WANT EVEN MORE STYLE, COMFORT AND TECHNOLOGY? RENAULT OFFERS A BROAD RANGE OF ORIGINAL ACCESSORIES SPECIALLY DESIGNED AND DEVELOPED FOR YOUR RENAULT CAPTUR.

PROTECTION PACK

1 - 2. Front and rear parking sensors: Allows you to park with confidence. **3. Temporary boot protector:** Efficiently protects your boot for daily use. **4. Alarm:** The essential accessory to ensure the car's security. It will protect effectively from theft of the car and objects inside it.

TOURING PACK

1. Quick release tow bar: Enjoy the convenience of being able to remove the tow bar in seconds when it is not required. **2. Luggage boot net:** This easy to install boot net will stop your possessions rolling around inside your boot. **3. Armrest:** Front centre armrest for your comfort.

STYLING PACK

1.

2.

3.

1. Front skid protector: Efficient protection at the front. **2. Rear skid protector:** Efficient protection at the rear. Reinforce the car's lower structure and give it more of an 'SUV' look. **3. Boot sill:** Made from brushed stainless steel. Protects your car when loading whilst adding a touch of style.

CHROME PACK

1.

2.

3.

1. Door sill plates: Stylish protection from scuffs and natural wear and tear. **2 - 3. Chrome exhaust pipe and mirror shell:** Make your Captur stand out by adding a stylish touch with these chrome parts.

*Official Fuel consumption figures are produced for comparison purpose and are measured according to the European Directive 80/1268/EEC. These figures are specific for a vehicle type and not for a single car. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk.

For more information on CO₂ banding and Company Car Tax Benefit In Kind go to www.renault.co.uk

Renault Captur eco² meets the three following criteria:

- It is manufactured in an ISO 14001 certified factory minimising environmental impact,
- The vehicle has CO₂ emissions below 120 g/km or operates on biofuels,
- The vehicle includes more than 7% of recycled plastics in its plastic mass.

With eco², Renault displays its environmental commitment at every stage of the life cycle of the vehicle. The vehicle has been designed in such a way that 95% of the materials used could have a second life (recyclable for other use or as a source of energy), and that pollution control at the end of the vehicle's life (in particular extraction of fluids) is made easier.

4+ FOUR YEARS WARRANTY ROADSIDE COVER INCLUDED SERVICING FINANCE PACKAGE

THE 4+ PACKAGE WORTH AT LEAST £1,000* COMES AS STANDARD WITH YOUR NEW RENAULT CAR, VAN OR Z.E.VEHICLE.

4 - WARRANTY

Your vehicle is covered by a warranty package for up to 48 months. The first 2 years are unlimited mileage, followed by a further 2 years up to 100,000 miles. Your Dealer is able to repair or replace, without charge, parts that are found to have a material or assembly defect that is recognised by Renault.

4 - ROADSIDE COVER

Any problems and we'll provide emergency roadside repairs or tow you to the nearest Renault dealer. This service is available 24 hours a day, every day of the year. We'll provide home start and roadside for 48 months, with additional recovery, onward travel and European cover for the first three years.

4 - SERVICING

Your vehicle is covered for free servicing during your first four years of ownership, or your first 48,000 miles (80,000 miles for vans), whichever comes first. That covers everything required in the manufacturer's minimum maintenance programme including parts, labour and VAT, but excluding normal wear-and-tear items, such as brake pads, windscreen wipers or tyres.

4 - FINANCE PACKAGE

The RENAULT 4+ package is available with or without a finance package, it's your choice. Simplify your cash flow with fixed monthly payments with Renault Selections (*cars only) or Hire Purchase finance packages. Cash offers also available.

*4+ package is included as standard on eligible vehicles. The value of the package (with the exception of Twizy) is based on £80 for 4th year Roadside Assistance cover and between £305 and £720 for 4th year warranty cover, depending on the Renault model. Servicing also varies between £589 to £1,214 depending on vehicle and servicing in line with manufacturer's minimum maintenance programme based on an average national hourly labour rate of £70. Figures for illustration purposes only. No cash alternative. Vehicles are covered by a warranty package for up to 48 months. The first 2 years are unlimited mileage, followed by a further 2 years up to 100,000 miles. Please see warranty terms and conditions (www.renault.co.uk/warranty) for further details. Servicing offer covers cars for 4 years or 48,000 miles and vans for 4 years or 80,000 miles, whichever comes first. Services must be carried out in line with the manufacturer's minimum maintenance programme requirements and servicing intervals, and can only be carried out at a Renault Approved UK outlet. Renault Assistance Roadside Cover provided from month 0 to 36 includes assistance at the roadside and home, national recovery, onward travel and European cover. Cover from month 37 to 48 includes Roadside and Homestart (including a local tow to an authorised Renault dealer). Visit www.renault.co.uk/4plus.

RENAULT INSURANCE

A car as well designed as your Renault deserves an insurance policy to match. Renault Insurance has been specifically created to provide superb protection for you and your car. In addition to a very competitive premium, Renault Insurance also includes: Renault Genuine Parts fitted in Renault Accident Repair Centres, protecting your 12 year anti-corrosion warranty; repairs guaranteed for 3 years; a courtesy car for the duration of any repairs - subject to availability when you use an approved repairer; payment by instalments - subject to status.

Lines open 8am - 8pm weekdays, 9am - 5pm Saturdays and 10am - 3pm Sundays. Calls may be recorded. All quotes are based on individual circumstance and subject to insurers underwriting criteria. Renault Insurance is arranged and administered by Equity Direct Broking Limited, which is authorised and regulated by the Financial Services Authority. Registered Office: Library House, New Road, Brentwood, Essex, CM14 4GD. Registered in England and Wales No. 6710272
